By this waiver, I hereby grant to <u>Chesapeake Operating Inc.</u> permission to drill one or more gas wells closer than six-hundred (600) feet to the structure located on my property, but in any event, the gas well bore may not be located any closer than 300 feet to any structure which would include a residence, religious institution, public building, hospital building on my property as measured in a straight line, without regard to intervening structures or objects, to the closest exterior point of the building.
